THE BRADSHAWS

An Old Timer Tells of the First Discovery of Gold There.

A correspondent of the Courier writes as follows regarding the discovery of WE have a legal and an ad- precious metal in the Bradshiws. In the summer of 1870 a party of prespectors-Met'rackon, Jim Fines and Red McKinney, leaded four burrow with tools and supplies and headed couth for

the unexplored Bradshaw mountains Nothing was heard from this little par ty and no one knew what their fate might be. If was not only risky, but extramely dangerous for a small party to venture in the Indian country and step for any length of time, and Brall-shaw was a regular Indian stronghold. In the course of I vo months, however, the Intropid Hitle party of prospectors storned well and hearty, with not only dewing accounts of their new finds, but \$1,000 in shieling gold.

The new discovery was named "Del-Pasea," and sold by the discaverers to Jackson brothers, by whom it was succonstally worked as long as hand poor it profitable. The next discovery was made by Dudley Moreland-the "Tiger mine-which caused considerable ex-City, with its complement of stores, saloons, restaurants and other adjuners for prosperous ralaing fown,

The are from the mine was shipped to fan Francisco as that freight at the low of the cents a pound from Preoff, the vegular regisht rate between Presion and Francish w being two cents pound, and fill Stomons, with his a hundred make, was the principal

This next discovery was the Peck mine, the farbuleus richness of which is still remembered by many. The first ion come of one serm the Pock was sold to Present prevehents for \$19,000, This mine produced millions and supported a town. Alexandria, for several years, till the limit of punning and helsting morethery was reached and work dis-
